## **CONTENTS**

(Abstracted/Indexed in: Biol. Abstr., CABS, Cambridge Scientific Abstr., Chem. Abstr., Curr. Cont	ents AB
& ES, Environ. Abstr., Environ. Period. Bibliogr., Excerpta Med., Focus On: Global Change, Geo	Abstr.,
Meterol. & Geoastrophys. Abstr., Oceanogr. Lit. Rev., PASCAL/CNRS, Selected Water Resourc.	Abstr.)

Meterol. & Geoastrophys. Abstr., Oceanogr. Lit. Rev., PASCAL/CNRS, Selected Water Resourc. At	ostr.)
Special Issue: Proceedings of the 1st International Symposium on Biolog Environmental Specimen Banking, Vienna, Austria, 22–25 September, 1991.	gical
Foreword	xi
SPECIMEN BANKING ACTIVITIES	
Current activities within the National Biomonitoring Specimen Bank	
S.A. Wise, B.J. Koster, J.K. Langland and R. Zeisler (Gaithersburg, MD)	1
Human organ specimen banking — 15 years of experience	
F.H. Kemper (Münster, Germany)	13
The Jülich Environmental Specimen Bank	
J.D. Schladot, M. Stoeppler and M.J. Schwuger (Jülich, Germany)	27
Coordination of environmental specimen banking in the Nordic countries, its	
mission and strategy	
B. Giege and T. Odsjö (Solna and Stockholm, Sweden)	37
Activities related to environmental specimen banking in Japan	
Y. Ambe (Tokyo, Japan)	49
The Danish Environmental Specimen Bank — status of establishment	
M.E. Poulsen and G. Pritzl (Roskilde, Denmark)	61
Biological specimen banking in Arctic research: an Alaska perspective	
P.R. Becker, B.J. Koster, S.A. Wise and R. Zeisler (Anchorage, AK;	
Gaithersburg, MD)	69
Development of the National Marine Mammal Tissue Bank	
T.I. Lillestolen, N. Foster and S.A. Wise (Silver Spring and Gaithersburg,	
MD)	97
DEVELOPMENT OF NEW SPECIMEN BANK PROJECTS	
Canadian Human Specimen Bank: an emerging Great Lakes health effects	
program	
K.S. Subramanian (Ottawa, Canada)	109
The Great Lakes Fisheries Specimen Bank	
W.H. Hyatt, M.J. Keir and D.M. Whittle (Burlington, Canada)	123
Implementation of specimen banking concepts in developing countries. First	
trial — Sri Lanka	
R. Jayasekera and M. Rossbach (Kelaniya, Sri Lanka; Jülich, Germany)	139
Biological environmental specimen banking in Slovakia	
T. Trnovec, L. Majláthová, L. Rosival and D. Rolný (Bratislava and	
Sklabinská, Slovak Republic)	143
The Swedish Environmental Specimen Bank with reference to the National	
Contaminant Monitoring Programme in Sweden	
T. Odsjö (Stockholm, Sweden)	147

Biological specimen bank for smelter workers	
L. Gerhardsson, D. Brune, NG. Lundström, G. Nordberg and P.O.	
Wester (Umeå, Lund and Oslo, Sweden)	157
US-Canada Great Lakes Regional Specimen Bank Feasibility Study	
A. Kerry, C.J. Edmonds, L. Landon and T.L. Yonker (Mississauga,	
Canada; Lansing, MI)	175
A proposal for the establishment of the National Center for Phytogenetic Resource Conservation in the Venezuelan Republic	
M. Agudo and D. Rodriguez (Venezuela)	193
Development of requirements for environmental specimen banking in eco-	
logical monitoring (exemplified by the Chernobyl NPP accident area)	
V.A. Borzilov (Obninsk, Russian Federation)	197
BIOLOGICAL INDICATORS FOR SPECIMEN BANKING AND	
MONITORING	
The animal specimens of terrestrial and limnetic ecosystems in the environ-	
mental specimen banking programme of Germany	
R. Klein (Saarbrücken, Germany)	203
Plants and soils as specimen types from terrestrial ecosystems in the environ-	
mental specimen banking program of the Federal Republic of Germany	
G. Wagner (Saarbrücken, Germany)	213
Banking of environmental samples for short-term biochemical and chemical	
monitoring of organic contamination in coastal marine environments: the	
GICBEM experience (1986–1990)	
P. Garrigues, J.F. Narbonne, M. Lafaurie, D. Ribera, P. Lemaire,	
C. Raoux, X. Michel, J.P. Salaun, J.L. Monod, M. Romeo (Talence, Nice,	225
Strasbourg and Marseille, France)	225
Investigation of roe deer — criteria for use as a bioindicator in specimen	
banking	237
J. Holm (Braunschweig, Germany)	231
Feathers of the magpie ( <i>Pica pica</i> ) as a bioindicator material for heavy metal pollution assessment	
K. Dmowski and J. Golimowski (Warsaw, Poland)	251
Bird feathers as bioindicators in areas of the German Environmental	231
Specimen Bank — bioaccumulation of mercury in food chains and	
exogenous deposition of atmospheric pollution with lead and cadmium	
E. Hahn, K. Hahn and M. Stoeppler (Jülich, Germany)	259
Utilization of vegetation sample bank as an indicator of environmental state	
in the areas of industrial pollution	
E.F. Kovnatsky and V.A. Surnin (Obninsk, Russian Federation)	271
Using a bank of predatory fish samples for bioindication of radioactive	
contamination of aquatic food chains in the area affected by the Chernobyl	
accident	
I.I. Kryshev, I.N. Ryabov and T.G. Sazykina (Obninsk, Russian Feder-	
ation)	279
Phytoplankton specimen bank for assessing ecological state of NPP cooling	
ponds	
T.G. Sazykina (Obninsk, Russian Federation)	287
Monitoring heavy metals in the Gulf of Thailand using mussel watch approach	205
P Sukasem and M S Tahucanon (Rangkok Thailand)	297

The use of passive samplers for monitoring polycyclic aromatic hydrocarbons in ambient air  J. Jacob, G. Grimmer and A. Hildebrandt (Grosshansdorf, Germany) 307  Determination of PCBs and chlorinated hydrocarbons in marine mammal tissues  M.M. Schantz, B.J. Koster, S.A. Wise and P.R. Becker (Gaithersburg, MD; Anchorage, AK) 323  Contemporary and retrospective investigations of human milk in the trend studies of organochlorine contaminants in Sweden  K. Norén (Stockholm, Sweden) 347  Ecological assessment of a region with PCB emissions using samples of soil, vegetation and breast milk: a case study  T. Bobovnikova, A. Dibtseva, A. Mitroshkov and G. Pleskachevskaya (Obninsk and Serpukhov, Russian Federation) 357  DETERMINATION OF INORGANIC CONSTITUENTS  Determination of inorganic constituents in marine mammal tissues  R. Zeisler, R. Demiralp, B.J. Koster, P.R. Becker, M. Burow, P. Ostapczuk and S.A. Wise (Gaithersburg, MD; Anchorage, AK; Jülich, Germany) 365  Herring gull eggs as bioindicators for chlorinated hydrocarbons (contribution to the German Federal Environmental Specimen Bank)  K. Oxynos, J. Schmitzer and A. Kettrup (Neuherberg, Germany) 387  Concentration of elements in human brain: glioblastoma multiforme  E. Andrási, M. Suhajda, I. Sáray, L. Bezúr, L. Ernyei and A. Réffy (Budapest, Hungary) 399  Effective tools for the trace element characterization of tissues: neutron activation analysis and voltammetry  R. Zeisler, P. Ostapczuk, S.F. Stone and M. Stoeppler (Gaithersburg, MD; Jülich, Germany) 403  Prompt and delayed NAA techniques for the characterization of specimen bank materials  M. Rossbach, M. Stoeppler and A.R. Byrne (Jülich, Germany; Ljubljana, Slovenia) 411  Radiochemical neutron activation analysis of Fe, Co, Zn, Sb and Se in biomedical and environmental samples  A.N. Garg, R.G. Weginwar and N.L. Chutke (Nagpur, India) 421  Levels of cesium-137 in seawater and fish from the Brazilian coast 1.L. Cunha, C.S. Munita, R.P. Paiva and A. Teixeira (Sao Pa	DETERMINATION OF ORGANIC POLITICALITY	
in ambient air  J. Jacob, G. Grimmer and A. Hildebrandt (Grosshansdorf, Germany) 307  Determination of PCBs and chlorinated hydrocarbons in marine mammal tissues  M.M. Schantz, B.J. Koster, S.A. FUTURE DEVELOPMENTS FOR SPECIMEN BANKING AND	
MONITORING	
Stress proteins as biomarkers of contaminant exposure in archived environmental samples	
B.M. Sanders and L.S. Martin (Long Beach, CA)	459
Use of DNA probes and plasmid capture in a search for new interesting environmental genes	
L. Diels, D. Springael, N. van der Lelie, E. Top and M. Mergeay (Mol and	
Ghent, Belgium)	471
Surfactants and complexing agents: new tasks for specimen banking?	
G. Kloster, E. Klumpp and M.J. Schwuger (Jülich, Germany)	479
Analytical and biological data of banked samples — a requirement to interpret accumulation and leaching of pollutants in biological specimens	
G. Stöcker (Bad Lauchstädt, Germany)	491
Environmental specimen banking and poisons control — a new challenge	471
	507
F.W. Jekat, R. Eckard and F.H. Kemper (Münster, Germany)	307
Photon transmission tomography techniques for screening organs in biological	
specimen banking	515
A.C. Beach and N.M. Spyrou (Guildford, UK)	515
The JANUS serum bank	
E. Jellum, A. Andersen, P. Lund-Larsen, L. Theodorsen and H. Orjasaeter	505
(Oslo, Norway)	527
Environmental specimen banking (ESB): an essential part of integrated ecological monitoring on a global scale	
H. Keune (Neuherberg, Germany)	537
